Joe,

I will be out of the office on leave until Monday, 15 August. (I just noticed my auto-reply message is having issues which I'll try to repair.)

Please submit the report you provided below with your Final Report and I will review it upon my return as part of that report.

Thanks,

Subject: WGSL Sedimentation Basin Restoration Addendum Report

Greetings all.

The final individual project report required by the Administrative Order on Consent (AOC), which documented the restoration of the storm water sedimentation basin was submitted to you on June 15, 2011. WMH received comments from EPA on June 28, 2011. Please find attached the report documenting additional work performed to address these comments. We would appreciate your concurrence that this project is now complete. This project report will be included in the final AOC report to be submitted by August 15, 2011. Please contact me with any questions.

Best regards,

Joe
